

Summit of the Wolf Coming Spring 2020

A Modern Fairytale

May 23, 2019 - *Summit of the Wolf* is a poignant point-and-click adventure by Unimatrix Productions, the creators of the indie "whodunnit" [Stonewall Penitentiary](#). It features both fantasy and real-world segments and is presented in the visual style of graphic novels.

STORY

After falling asleep in her warm bed one night, twelve-year-old Ophelia wakes up in an ethereal garden with no memory of how she got there. After speaking with a mysterious goddess named Adena, Ophelia sets out on a personal journey to find the fabled Summit of the Wolf, whereupon she must uncover the tragic real-world events that led to her arrival in this fantasy realm.

Will Ophelia complete her quest, or will she succumb to the many dangers she must face along the way?

FEATURES

- **Explore a beautiful fantasy world:** The realm in which Ophelia awakes is vast and features a variety of environments, from living forests to damp caverns to cursed catacombs...and more!
- **Interact with its many unique inhabitants:** *Summit of the Wolf* features over two dozen characters, all with their own distinct personalities--some quirky, others helpful, and a select few terrifying.
- **Experience a complex narrative:** Story comes first in *Summit of the Wolf*, and Ophelia's personal journey--both literal and metaphorical--lies at the heart of this emotional tale.
- **Solve a multitude of challenging puzzles:** Puzzles abound in *Summit of the Wolf*, but they are organic rather than obstructive and fit within the context of the narrative. While you should feel challenged, you will never feel frustrated or hopelessly stuck!
- **Uncover the truth:** *Summit of the Wolf* is a 15+ hour interactive story that teaches us that it is always darkest before dawn.

Summit of the Wolf launches Spring 2020 on Steam and itch.io. More information coming soon!
